

What Healthy People Say About Unlimited Body...

"I practiced a 15-minute walking exercise I learned in the Unlimited Body workshop and to my delight immediately reversed a 5-year old back problem." - Terry

"I found at the completion of the Unlimited Body workshop series that my depression was gone and that I am the happiest I have been in years." - Karen

"I used to have allergies and spend all my time worrying about what I could eat. Through the Unlimited Body workshop series I have no more allergy symptoms and now I eat anything I want." - Laura

"This training has been the most transformative thing I've been through in my life, the missing piece that brought everything together for me....like coming home.

First, you have to be able to believe in miracles, and then you have to be ready to accept them. I'm just in awe.

This has transformed my understanding of what it is to be a human being. Every time I touch somebody with my words, with my eyes and with my hands, it is like I'm dancing with the universe." - Cheryl

Workshops For A Conscious Life!

Why Can Unlimited Body Easily Improve Your Life?

Unlimited Body is an internationally renowned personal growth and hands-on healing method, which provides you with an extraordinary, easy to learn, gentle and non-intrusive approach for permanent health, wealth and fulfillment.

Unlimited Body is based on your body's natural inclination and ability to heal itself. However, your body has probably collected and stored some emotional stress and physical tension in some part of your body's tissue. If you think about it, you have probably had symptoms of colds or other dis-eases that your body has already naturally released. *The purpose of Unlimited Body is to support you, through The Six Gifts, to open up easily, release tight tissue, and experience your inherent health and the life you always desired.*

How Can You Experience Vibrant Health and Vitality?

One way is through participating in *Your Six Gifts To Successful Healing Workshop Series* where you will explore and learn:

- How your body truly functions.
- How dis-ease is created and released.
- How your body constantly and naturally strive to reclaim its perfection.
- How to rejuvenate your tissue.
- How to live up to your potential optimum health, wealth and happiness.

Your Six Gifts To Successful Healing

What Can This Workshop Give You?

Choose *Your Six Gifts to Successful Healing workshop series* and receive profound practical information that you put into practice through transformational exercises. The fun and relaxed presentation together with skilled support provides learning, self-exploration, and growth.

Your First Gift - *Safe Touch* guides you to touch with your words, your hands and your behavior in a way that inspires well-being.

Your Second Gift - *Natural Yoga* connects you with your body's inherent movements that occur when you relax and allow it to move naturally and freely.

Your Third Gift - *Body Language* shows you that the body's messages are true requests and guide you to guaranteed success.

Your Fourth Gift - *Healing Pulsations* inspires your easy and harmonious flow with inner health and outer evolutionary changes.

Your Fifth Gift - *Releasing Joints and Erasing Scars* sets you free from problematic joints and inhibiting scars so you can articulate freely.

Your Sixth Gift - *Integrating the Four Bodies* Inspires you to balance mental alertness, emotional aliveness, physical fitness and charismatic presence.
